Contactless Hands Sanitizer Nebulizer

1. HAIMI **Sanitation for your hands**
2. HAIMI **Freshness and Comfort**
3. HAIMI **Large Capacity**
(More than 7.000 nebulisations without recharge)

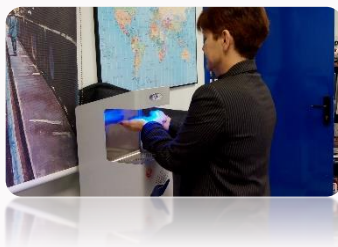

WEIGHT	17,3 Kgs(Empty)
HIGH	129 cms
WIDE	22 cms
DEEP	31 cms
VOLTAGE	230V/ 50Hz
POWER	48W

FUNCTIONING

Simple and Intuitive

1. Users approach their hands to the centre
2. The sensor detects them and the nozzle then nebulizes during the pre-programmed time.

PARTS

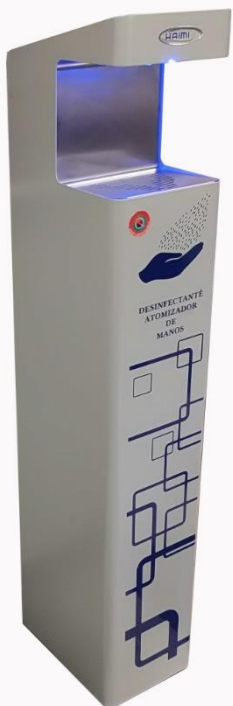

Head

Head containing:

1. Nebulizer
2. Hands sensor and UV leds
3. Electronic main board

It's decorated with a hands illustration that has been cut in a stainless steel plate, which at the same time is the way out for the liquid left after nebulisation.

Column

Column containing:

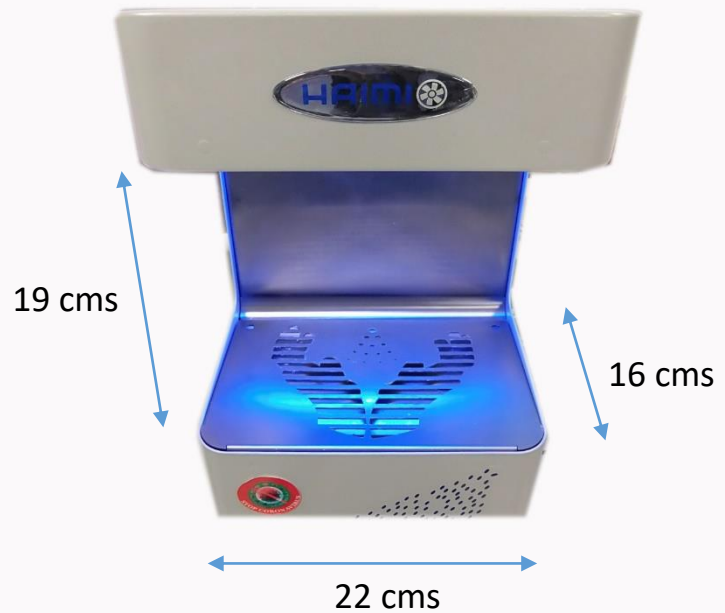

1. Pump
2. Tank/ Bag in Box
3. Tank/ Bag in Box spare unit

Battery can also be located there when necessary

Details

Free space for hands:

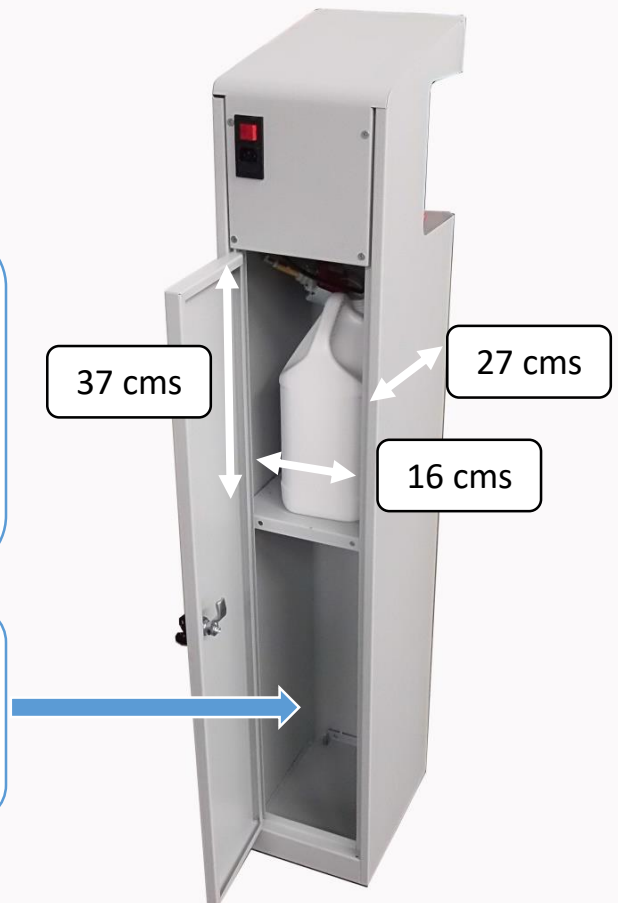

- Wide 22 cms
- High 19 cms
- Deep 16 cms

Free space for tank/ Bag in Box:

- Wide 16 cms
- High 37 cms
- Deep 27 cms

SPACE FOR TANK/ BAG IN BOX SPARE UNIT

Nebulisation Capacity

5 Litres of Hydro-alcohol liquide =
More than **7.000 nebulisations** in factory
default configuration.

Nebulisation saves excess liquid produced when
applied mechanically, the same as when
watering plants with nebulisation.

Tailor made
customisation
according to
customer's wishes in
our own premises
